

PRACTITIONER OF OPERATIONAL EXCELLENCE

GET CERTIFIED | GET RESULTS

A practical, interactive, City & Guilds Assured e-learning program for frontline teams and aspiring improvement leaders.

WHY OPERATIONAL EXCELLENCE TRAINING MATTERS

In any work environment – not just manufacturing – the pressure to solve problems, cut waste, and improve performance is constant. But without the right skills, most teams struggle to make change stick.

This program closes that gap. It teaches practical Operational Excellence tools in a format that's easy to understand, easy to apply, and leads to measurable results.

**CLOSE THE GAP
BETWEEN
THEORY AND
ACTION**

TOOLS THAT MAKE A REAL DIFFERENCE

- Root cause analysis that prevents repeat problems
- Visual management & standard work to stabilise operations
- Proven techniques like 5S & SMED
- Quick wins & Kaizen to build momentum
- Measuring results and sustaining change

A CERTIFICATION PATH THAT'S SIMPLE AND PRACTICAL

- 01** Learn at your own pace – 11 short, focused e-learning modules
- 02** Practice your skills – interactive quizzes, activities, and examples
- 03** Complete a project – apply tools in your real work
- 04** Get certified – receive a digital badge and City & Guilds Assured certificate

**SCALABLE.
FLEXIBLE.
BUILT FOR
BOTH TEAMS &
INDIVIDUALS**

THIS PROGRAM IS FOR YOU IF YOU WANT TO...

- Build confidence using structured problem-solving
- Contribute to improvement efforts, not just follow them
- Earn a recognised certification for your skills
- Learn tools that apply to your work – not just abstract theory

USED BY ORGANISATIONS TO BUILD IMPROVEMENT CAPABILITY AT SCALE

Whether you're training one operator or a full team, our program supports scalable deployment:

- Individual certification
- Group packages with leadership development coaching
- Training guides & optional hands-on activities
- Bespoke tracking options to support your learners

**EMPOWER YOUR
TEAMS TO TAKE
OWNERSHIP OF
CHANGE**

WHAT OUR LEARNERS SAY

Jesse Wagner

Federal Government

I have never worked with a company that is more responsive to input, for me to be able to send a message to the instructor, receive feedback from them saying thank you, we appreciate what you're doing. **It has been amazing.**

Sarah Hammond

HR Manager

If you are certified for Operational Excellence, you have the opportunity to spotlight your expertise and **accelerate your future career.**

Matthew Johnson

Project Manager

The flexibility of the program was great, being able to log in and do the training when I could fit it into my schedule.

Juan Curray

Quality Engineer

I took the training, and I achieved a certification in Operational Excellence. I truly believe that having **this training helped me in my job.** I use the concepts I learned in my training daily.

Darko Bajevic

Asset Planner

I really liked the blend of drawings, videos, animations & audio that went along with the easy-to-read text. I felt like this really **accelerated my learning.**
